Parameters

Do not use all these parameters for any one person. The list is long to cover a wide range of people. Only use those parameters that convey essential or notable information about the subject. Any parameters left blank or omitted will not be displayed. If a data field has more than one parameter name which can be used, the preferred name is listed first in **bold** print.

Parameter	Explanation
name	Common name of person (defaults to article name if left blank; provide birth_name (below) if different from name).
image	Image name
image_size (<i>imagesize</i>)	Size to display image: 200px (set width), or 200x300px (max width & max height). This defaults to 225px if empty or omitted.
alt	Alt text for image, for visually impaired readers.
