

[[{{{1}}}]]

This template links to a page on from the Help pages. The template has two parameters:

1. Pagename, optionally preceded by an interwiki link prefix valid on forwiki.eu
2. (optional) Link description

This is so that the public domain help pages - which can be freely copied and included in other sites - have correct links to Foresight Wiki:

- on external sites, it creates an external link
- on Foresight Wiki, it creates an internal or interwiki link

All links from the Help namespace to other parts of the Foresight Wiki should use this template.
